

**Anna Huguet** is a Biotechnologist (2013, Universitat Autònoma de Barcelona, Spain), and currently works as a Regulatory Officer at DDR (Drug Development and Regulation - [www.ddrmedic.com](http://www.ddrmedic.com)), located in Barcelona, Amsterdam and London.

After obtaining a MSc in Drug Discovery and Safety (2016, Vrije Universiteit Amsterdam, The Netherlands), she joined a biotech company (Kancera AB) to pursue a PhD in Medical Science (2021, Karolinska Institute, Sweden) through a collaboration between industry and academia. During that time, she worked in early drug discovery and preclinical development of targeted therapies in the oncology field.

Anna is a Molecular Toxicologist by training and holds expertise in preclinical drug development (experimental design and data interpretation), quality assurance of non-clinical research and scientific writing.
